LIFECARE

Abrostep™ NM Tablets

N-Acetylcysteine, Montelukast & Acebrophylline Tablets

Relieves Bronchoconstriction
Montelukast helps prevent bronchoconstriction and keeps airways open.

Reduces Mucus Production
Acebrophylline helps reduce mucus viscosity and supports easier breathing.

Anti-Inflammatory Action
N-Acetylcysteine helps reduce inflammation and oxidative stress.

Improves Respiratory Function
Provides comprehensive support for better lung health and breathing.

Better Quality of Life
Helps reduce symptoms and supports long-term respiratory wellness.

INDICATIONS

- **Chronic Bronchitis**
- **Bronchial Asthma**
- **COPD** (Chronic Obstructive Pulmonary Disease)
- **Respiratory Allergies**
