Cadray™ Lifecare

Acarbridge 50

Tablets

Acarbose I.P. 50mg.

Effective Blood Sugar Control
Slows down carbohydrate absorption, helping to reduce post-meal blood glucose spikes.

Reduces Carbohydrate Absorption
Inhibits intestinal alpha-glucosidase enzymes, minimizing complex carbohydrate breakdown and absorption.

Supports Long-Term Glycemic Control
Helps maintain stable blood sugar levels with consistent use.

Well Tolerated
Generally well tolerated with a favorable safety profile.

INDICATIONS

- **Type 2 Diabetes Mellitus**
- **Postprandial Hyperglycemia**
- **Adjunct to Diet and Exercise**
