Cafoli™
LIFECARE

Aceflick™ SP

Tablets

Aceclofenac 100mg + Paracetamol 325mg
+ Serratiopeptidase 15mg

Effective Pain Relief

Combines three active ingredients to relieve mild to moderate pain effectively.

Reduces Inflammation

Aceclofenac and Paracetamol work synergistically to reduce inflammation and swelling.

Faster Recovery

Serratiopeptidase helps reduce edema and promotes quicker healing.

Improves Mobility

Helps restore movement and flexibility by relieving pain and stiffness.

Better Quality of Life

Effective relief from pain and inflammation supports daily activity and wellbeing.

Indications

- Osteoarthritis
- Rheumatoid Arthritis
- Musculoskeletal Pain
- Ankylosing Spondylitis
- Dental Pain
- Sports Injury
