Cafoli™
LIFECARE

Actohub™ Tablets 100

Acotiamide HCL Hydrate 100mg

Enhances Gastric Motility
Stimulates gastric motility by acting on cholinergic pathways.

Improves Gastric Emptying
Accelerates gastric emptying and reduces postprandial fullness.

Reduces Symptoms of Dyspepsia
Effectively relieves symptoms like bloating, early satiety, and epigastric discomfort.

Supports GI Function
Restores normal gastrointeisinal function and improves patient comfort.

Well Tolerated
Good safety profile with minimal adverse effects.

Once-Daily Convenience
Simple once-daily dosing improves adherence and outcomes.

Indications

Functional Dyspepsia | Gastroparesis | Postoperative Ileus | GERD (Adjunct Therapy) | Diabetic Gastroparesis
