Burnstep-Heal Gel

Amorphous Hydrogel Wound Dressing with Colloidal Silver

Broad Spectrum Antimicrobial

Colloidal silver provides effective antimicrobial activity against a wide range of pathogens.[1]

Promotes Faster Healing

Maintain a moist wound environment, supporting natural healing and tissue regeneration.[2]

Soothes & Cools

Provides immediate relief from pain, burning, and irritation in wound areas.[3]

Protects the Wound

Forms a protective barrier that shields the wound from external contaminants and prevents infection.[4]

Easy to Apply & Remove

Non-sticky, non-irritating gel that ensures painless application and removal.[5]

Indications

Burns | Surgical Wounds | Cuts & Lacerations | Abrasions | Diabetic Ulcers | Skin Grafts
