Cafoli™
LIFECARE

Cefuzrom™ CV
Tablets

Powerful Dual Action for Better Respiratory Health

Broad Spectrum Action
Effective against a wide range of respiratory pathogens.

Stronger Infection Control
Combines antibiotic and beta-lactamase inhibitor for enhanced efficacy.

Improves Lung Function
Helps reduce symptoms and supports faster recovery.

Prevents Resistance
Beta-lactamase inhibitor protects against enzyme-mediated resistance.

Convenient & Effective
Dual action for better compliance and clinical outcomes.

INDICATIONS

- Respiratory Tract Infections
- Sinusitis
- ENT Infections
- Bronchitis & Pneumonia
