Critsila™

Clickstin

Injection 2 MIU

Colistimethate Sodium for Injection IP 2 Million IU

Broad-Spectrum Antibacterial

Effective against a wide range of Gram-negative bacteria.

Targets Resistant Pathogens

Active against multi-drug resistant (MDR) strains, including Pseudomonas.

Supports Severe Infection Management

Useful in complicated and life-threatening bacterial infections.

Ideal for Critical Care Use

Recommended in ICU settings for high-risk infections.

Trusted Injection Formulation

Lyophilized powder for I.V. use ensuring stability and efficacy.

INDICATIONS

- **Respiratory Tract Infections**
- **Urinary Tract Infections**
- **Severe Gram-Negative Infections**
