Critsila™

Dorityle 1000
Injection

Doripenem I.P. 1000mg

Broad Spectrum Antibacterial Activity
Doripenem exhibits potent activity against a wide range of Gram-positive and Gram-negative bacteria.[1]

Effective in Severe Infections
Indicated for complicated intra-abdominal infections, cUTIs, hospital acquired pneumonia, and ventilator-associated pneumonia.[2]

High Stability & Reliability
Chemically stable formulation ensures consistent. potency and reliable clinical outcomes.[3]

Convenient IV Administration
Designed for IV infusion use, offering ease of administration in hospital settings.[4]

Trusted in Critical Care
A trusted carbapenem used globally in critical care and high-risk infection management.[5]

Indications

- Complicated Intra-abdominal Infections
- Complicated Urinary Tract Infections (cUTIs)
- Hospital Acquired Pneumonia (HAP)
- Ventilator Associated Pneumonia (VAP)
- Sepsis
- Skin & Skin Structure Infections
