# Favitol 400 Tablets

## Favipiravir Tablets I.P. 400mg

### Broad Spectrum Antiviral

Favipiravir is a broad-spectrum antiviral effective against RNA viruses.[1]

### Effective Against RNA Viruses

Inhibits viral RNA-dependent RNA polymerase, helping to reduce viral replication.[2]

### Supports Respiratory Recovery

May help in improving clinical symptoms and reducing recovery time in viral infections.[3]

### Well Tolerated

Generally well tolerated with a favorable safety profile in recommended doses.[4]

### Supports Public Health Response

Plays a vital role in outbreak management and pandemic preparedness.[5]

## Composition :-

**Favipiravir I.P 400mg.**

## Indications

| | | | | |
|---|---|---|---|---|
| Treatment of COVID-19 | Influenza Infections | Other RNA Viral Infections | Compassionate Use Cases | Outbreak & Pandemic Management |
