Feryskol™-LP

Iron Support for a Healthier Tomorrow

Improves Hemoglobin Levels
Liposomal iron enhances absorption and helps in better hemoglobin synthesis.

Boosts Energy & Reduces Fatigue
Vitamin C and B12 support red blood cell production and energy metabolism.

Supports Fetal Development
Folic acid helps in proper neural tube development and cell growth.

Strengthens Immunity
Essential nutrients support overall health and immunity.

Gentle on Stomach
Liposomal technology ensures better absorption with minimal GI irritation.

INDICATIONS

- **Iron Deficiency Anemia**
- **Pregnancy & Lactation**
- **Maternal Nutritional Support**
