Cadray™ Lifecare

Glibclay 5
Tablets

Glibenclamide Tablets IP 5mg

Effective Blood Sugar Control
Helps stimulate insulin release from pancreatic beta cells, maintaining healthy glucose levels.

Improves Insulin Secretion
Enhances the body's natural insulin response for better glycemic management.

Supports Long-Term Control
Helps maintain stable blood sugar levels and reduces post-meal spikes.

Convenient & Reliable
Well-tolerated, effective and ideal for type 2 diabetes management.

Promotes Better Heart Health
Helps reduce risks associated with uncontrolled diabetes.

INDICATIONS

- **Type 2 Diabetes Mellitus**
- **Insulin Resistance**
- **High Blood Sugar Levels**
