Skinticals™

Gilyco Cream

Glycolic Acid 6% w/w

Exfoliates & Renews Skin

Glycolic acid effectively exfoliates dead skin cells and promotes cell turnover.

Improves Skin Texture

Helps smooth rough skin and improves overall skin texture.

Enhances Radiance

Promotes a brighter, more even-toned and radiant complexion.

Helps in Acne Management

Unclogs pores, reduces blemishes and helps prevent future breakouts.

Stimulates Collagen Production

Encourages collagen synthesis for firmer, smoother, and youthful-looking skin.

Indications

- Dull & Uneven Skin
- Acne & Blemish-Prone Skin
- Rough Skin Texture
- Premature Ageing
- Hyperpigmentation & Dark Spots
