Matrizen™

Feryskol™-20

Iron, Zinc, Folic Acid & Vitamin B12 Tablets

Boosts Hemoglobin Levels
Helps in the formation of healthy red blood cells and improves oxygen transport in the body.

Supports Immune Function
Zinc strengthens immunity and helps the body fight infections.

Essential for Maternal Health
Folic acid helps in fetal development and reduces the risk of neural tube defects.

Reduces Fatigue & Weakness
Iron and Vitamin B12 boost energy levels and combat tiredness.

Supports Overall Well-being
A balanced combination for better health, growth and vitality.

INDICATIONS

- Iron Deficiency Anemia
- Pregnancy & Lactation
- General Nutritional Deficiency
