Cadray™ Lifecare

Istalab™-50

Tablets

Sitagliptin IP 50mg

Effective Blood Sugar Control

Helps improve glycemic control by increasing incretin levels.

Enhances Insulin Secretion

Stimulates glucose-dependent insulin secretion from pancreatic beta cells.

Supports Metabolic Health

Helps reduce HbA1c and improves long-term glycemic outcomes.

Renal Protection

Well-tolerated and suitable for long-term use.

Convenient Once-Daily Dose

Simplifies treatment and improves patient compliance.

INDICATIONS

- **Type 2 Diabetes Mellitus**
- **Improves Glycemic Control**
- **Cardiovascular Risk Reduction**
