Cadray™ Lifecare

Pyrimine 180 Tablets

Pyridostigmine 180mg

Enhances Neuromuscular Transmission

Pyridostigmine inhibits acetylcholinesterase, increasing acetylcholine at the neuromuscular junction[1]

Improves Muscle Strength

Helps improve muscle function and strength in conditions like myasthenia gravis[2]

Reduces Muscle Fatigue

Prolongs muscle contraction and reduces fatigability for better daily performance[3]

Improves Physical Function

Enhances overall physical ability and quality of life in patients[4]

Long Duration of Action

Sustained action allows less frequent dosing and better compliance[5]

Well Tolerated

Generally safe and well tolerated with a favorable safety profile[6]

Indications

- Myasthenia Gravis
- Muscle Weakness
- Post-operative Urinary Retention
- Post-operative Ileus
- Glaucoma
