TinyBud™

Rifaboly™ 100
Suspension

Effective Intestinal Antimicrobial
Targets and eliminates susceptible bacteria in the gut, helping to control infection and restore balance.

Reduces Diarrheal Symptoms
Shortens the duration and lowers the frequency of loose stools.

Restores Gut Microflora Balance
Helps maintain a healthy intestinal environment for better digestion.

Supports Faster Recovery
Provides effective relief and helps children get back to their normal routine sooner.

Well Tolerated
Gentle on young tummies with a favorable safety profile.

INDICATIONS

- Acute Bacterial Diarrhea
- Traveler's Diarrhea
- Infectious Diarrhea (enteric infections)
