OPTISHELL™
EYECARE

Ripafest
Eye Drops

Ripasudil Eye Drops 0.4% w/v

Lower IOP. Preserve Vision. Improve Life.

Effective IOP Reduction
Ripasudil works by relaxing the trabecular meshwork, facilitating aqueous humor outflow and effectively lowering intraocular pressure.[1]

Neuroprotective Potential
May protect retinal ganglion cells and optic nerve head, supporting long-term vision preservation.[2]

Once Daily Convenience
Once-daily dosing enhances patient compliance and ensures consistent IOP control.[3]

Well Tolerated
Demonstrates an excellent safety profile with minimal ocular side effects.[4]

Better Quality of Life
Helps in preserving visual function and improving overall quality of life in glaucoma patients.[5]

Indications

Open Angle Glaucoma (OAG) | Ocular Hypertension (OHT) | Normal Tension Glaucoma (NTG) | Pseudoexfoliation Glaucoma | Steroid Induced Glaucoma
