Skinticals™

Sertaloz
Cream

Sertaconazole Nitrate Cream I.P.

Powerful Antifungal Action
Effectively treats fungal infections by inhibiting fungal cell membrane synthesis.

Reduces Itching & Inflammation
Calms irritation, soothes redness and relieves discomfort.

Prevents Recurrence
Eliminates the root cause and helps prevent future infections.

Restores Skin Barrier
Supports healthy skin and maintains skin integrity.

Safe & Well Tolerated
Gentle on skin with minimal side effects when used as directed.

INDICATIONS

- **Fungal Skin Infections**
- **Ringworm & Athlete's Foot**
- **Other Fungal Infections**
