Cafoli™
LIFECARE

Sevmoxl C400

Sevelamer Carbonate Tablets

Reduces Serum Phosphorus
Binds dietary phosphate in the gut, helping to lower serum phosphorus levels.

Controls Hyperphosphatemia
Helps manage phosphate levels in chronic kidney disease (CKD) patients.

Supports Renal Health
Reduces the workload on kidneys and helps slow disease progression.

Cardiovascular Protection
Helps prevent vascular calcification and supports heart health.

Well Tolerated
Gives effective phosphate control with a good safety profile.

INDICATIONS

- Chronic Kidney Disease (CKD)
- Hyperphosphatemia
- Cardiovascular Risk Reduction
