Matrizen™

Estradiol 0.5mg
Dydrogesterone 2.5mg

Smilepill™ DG

Hormonal Balance Support
Helps restore hormonal balance in conditions like PMS and irregular cycles.[1]

Endometrial Protection
Dydrogesterone provides endometrial protection against unopposed estrogen stimulation.[2]

Cycle Regulation
Supports regular menstrual cycles and reduces abnormal uterine bleeding.[3]

Improves Quality of Life
Alleviates symptoms such as mood swings, bloating, and breast tenderness.[4]

Bone Health Support
Estradiol helps maintain bone density and prevents postmenopausal bone loss.[5]

Well Tolerated
Effective combination with a favorable safety and tolerability profile.[6]

INDICATIONS

- Hormone Replacement Therapy
- Irregular Menstrual Cycles
- Abnormal Uterine Bleeding
- Premenstrual Syndrome (PMS)
- Perimenopausal Symptoms
- Postmenopausal Osteoporosis Prevention
