Critsila™

# Streptyle 750

Injection

**Streptomycin 750mg**

## Indications

- Severe Bacterial Infections
- Respiratory Tract Infections
- Urinary Tract Infections
- Gastrointestinal Infections
- Septicaemia

### Potent Aminoglycoside Antibiotic

Streptomycin 750mg is a broad spectrum antibiotic effective against gram-negative bacteria and some gram-positive organisms.

### Effective Against Resistant Strains

Active against strains resistant to other commonly used antibiotics.

### Rapid Bactericidal Action

Provides rapid bactericidal action by inhibiting protein synthesis in susceptible bacteria.

### For IM & IV Use

Suitable for both intramuscular and intravenous administration.

### Trusted & Reliable

Widely used and trusted in the management of severe bacterial infections.
