Cafoli™
LIFECARE

Sucraziff -O

Tablets

Sucralfate & Oxetacaine Tablet

Provides Gastric Protection
Forms a protective barrier over the ulcer site and helps in healing.

Relieves Pain & Discomfort
Oxetacaine acts as a local anesthetic, providing quick relief from pain.

Reduces Acid Secretion
Helps in controlling excessive gastric acid and prevents further irritation.

Promotes Healing
Supports mucosal repair and restores stomach lining.

Safe & Effective
Well tolerated with minimal side effects.

INDICATIONS

- Gastric Ulcers
- Acid Peptic Disorders
- GERD (Reflux Esophagitis)
