# Trymatch™ Tablets BR Forte

## Trypsin, Bromelain & Rutoside Trihydrate Tablets

### Reduces Inflammation & Edema

Trypsin and Bromelain help reduce inflammation and swelling at the site of injury or infection.

### Improves Microcirculation

Rutoside strengthens capillaries and improves blood flow for faster recovery.

### Supports Tissue Repair

Enhances healing by breaking down necrotic tissue and promoting regeneration.

### Relieves Pain & Swelling

Provides effective relief from pain, reduces swelling and improves mobility.

### Fast & Convenient Therapy

Better outcomes with simple, oral administration.

## INDICATIONS

- **Post-Traumatic Inflammation**
- **Soft Tissue Injuries**
- **Post-Surgical Recovery**
