Cafoli™
LIFECARE

Uriviga-N™

Tablets

Flavoxate HCL 200mg &
Nitrofurantoin (SR) 100mg

Effective UTI Relief

Combines antispasmodic and antibacterial action to effectively treat urinary tract infections.

Dual Mechanism of Action

Flavoxate relieves urinary spasms while Nitrofurantoin fights infection at the source.

Reduces Pain & Discomfort

Helps relieve dysuria, urgency and frequency associated with UTIs.

Sustained Release Formula

Ensures prolonged therapeutic effect with less frequent dosing.

Supports Urinary Health

Promotes urinary tract health and helps prevent recurrent infections.

INDICATIONS

- Urinary Tract Infections (UTIs)
- Dysuria, Urgency & Frequency
- Recurrent Urinary Infections
