Critsila™

Zepazon-250
Injection

Cefoperazone 250mg Injection

Key Benefits

Potent Broad-Spectrum Antibiotic
Cefoperazone offers strong activity against a wide range of Gram-positive and Gram-negative bacteria.

High Efficacy
Effective in severe and life-threatening infections, ensuring better clinical outcomes.

Synergistic Combination
Enhanced antibacterial action with reduced resistance due to Sulbactam's β-lactamase inhibitory effect.

Parenteral Versatility
Suitable for both IM & IV administration, providing flexible treatment options.

Safe & Well Tolerated
Well tolerated with a proven safety profile in clinical practice.

Composition

Cefoperazone	250mg

Indications

Respiratory Tract Infections | Urinary Tract Infections | Intra-abdominal Infections | Skin & Soft Tissue Infections | Sepsis & Septicemia
