# Zidovile-100

Zidovudine Capsule USP 100 mg

***Trusted Antiviral Protection. Proven Results.***

## Key Benefits

### Effective Antiviral Action
Zidovudine is a potent antiretroviral that helps inhibit the replication of HIV, improving patient outcomes.

### Reduces Viral Load
Helps lower the amount of virus in the body and supports immune system function.

### Supports Immune Health
Aids in preserving immune cell function and delaying disease progression.

### Proven Clinical Efficacy
Backed by extensive clinical research and widely used in HIV management worldwide.

### Improves Quality of Life
Helps reduce HIV-related complications and enhances overall patient well-being.
